

Appendix E: Informed Consent Form (Example)

Informed Consent Form - A critical component to any submission to the IRB committee is the informed consent form. The student uses this form to document that the subject(s) were aware of the requirements of the study and that they were aware that they could refuse to participate or withdraw at any time up until publication of the project. Therefore, it is important that this document contain adequate information so that the subjects can make an informed decision regarding participation.

[PROJECT TITLE]

Participant

[Participant Name]

[Participant Address]

Prospective Project Subject

Read this consent form carefully and ask as many questions as you like before you decide whether you want to participate in this study. You are free to ask questions at any time before, during, or after your participation in this research.

You are invited to participate in a ¹ study designed to investigate . . .

[Student/], a doctoral student at Aspen University, CO is conducting this study. You were selected as a possible participant because . . .

Please read this form and ask any questions you may have before agreeing to participate.

Background Information

This investigation seeks to:

_____.

Procedures

Participation entails:

_____.

You would be asked to provide a pseudonym to replace your personal name. Only anonymous demographics would be used in this study. Providing your address or e-mail would make the findings of the study available to you once documented. The results of this study would be used to . . .

Confidentiality

_____.

Human subject herein means a living individual about whom an investigator (whether professional or student) conducting research obtains data through *interaction* with the individual. **Interaction** herein includes communication or interpersonal contact between investigator and subject.

The records of this study would be considered *private information*². In any sort of report that might be published, no information would be included that would make it possible to identify a participant. Only the student/researcher would keep and safeguard the research records.

Voluntary Nature of this Study

Your decision whether to participate would not affect your current or future relationship with the student/researcher or the associated University. If you decide to participate, you are free to withdraw at any time without prejudice. You will also be provided with a copy of the concluded DRPH so that you have an opportunity to examine the way the data is being applied.

Compensation
